Docket No. 98-N-1265
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments *My wife has to use Estrogens (Oral)
Estradiol also Triest + Biest. The only place
our doctor could find it is at College Pharmacy
in Colorado Springs so it is essential that it
be sent across the state border. We
resent this regulation which would
endanger my Wife's health.*
